MEMORANDUM FOR: Mr. [] OGC

STAT

SUBJECT: ICRC Papers

Dick:

I have done some scribbling on your proposed letters as a result of my conversation with Bill. I am not sure that these scribbles will be very useful to you.

As I mentioned, Bill wants our tone and attitude to be more positive, to recognize the good side of the ICRC's mission, to note some of the difficulties but to convey the impression that it is our intent to comply with the objectives to the extent we are able. Specifically, I have the impression that he doesn't want us to overcomment to the point that our tone becomes shrill and ultradefensive.
